ABOUT US

ISKCON

The International Society for Krishna Consciousness (ISKCON) is a spiritual institution founded by His Divine Grace A.C. Bhaktivedanta Swami Srila Prabhupada in July 1966. It stands on the firm foundation of the 5,000-year-old Sanskrit text Bhagavad-gita. ISKCON, also known as the Hare Krishna movement, includes more than seven hundred major centres, temples and rural communities, nearly one hundred affiliated vegetarian restaurants, thousands of namahattas or local meeting groups, a wide variety of community projects, and millions of congregational members worldwide.

**HIS DIVINE GRACE A.C. BHAKTIVEDANTA
SWAMI SRILA PRABHUPADA**

Srila Prabhupada, the revered founder acharya of ISKCON, is a beacon of spiritual wisdom whose teachings resonate across generations. His profound contributions include translating and elucidating ancient Vedic texts, establishing temples and communities worldwide, and pioneering the widespread practice of chanting the Hare Krishna mahamantra. Srila Prabhupada's exemplary qualities of humility, compassion, and unwavering dedication to the holy names of Krishna inspire millions to deepen their spiritual lives. His life's work embodies the essence of selfless service and devotion, continuing to uplift and transform lives globally.

ISKCON PUNJABI BAGH

ISKCON Punjabi Bagh is one of the 700 worldwide temples of ISKCON. It is located at 41/77, West Punjabi Bagh, Delhi, India. The temple had a humble beginning in 1984 when it was located in a nearby garage.

The deities moved to the current location in 2005, and the temple in its current location was inaugurated in 2007 upon the installation of Sri Sri Krishna Balaram. Today, ISKCON Punjabi Bagh is a vibrant community home to over 1,000 families. It is centred around the teachings of Sri Krishna, as given in the Bhagavad Gita and Srimad Bhagavatam and presented in the most practical form by Lord Chaitanya through Bhakti Yoga. This community welcomes all, fostering a sense of belonging and inclusivity.

The temple aims to impart systematic spiritual education to all sections of society through education, devotion, and culture to nurture progressive values like peace, unity, happiness, and compassion.

His Holiness Gopal Krishna Goswami Maharaja (Our Inspiration)

The entire project has been driven by the transcendental inspiration, desire, and sacrifice of His Holiness Gopal Krishna Goswami Maharaja. He has been one of the longest-serving GBC members, the longest serving Chairman for the ISKCON India Bureau, and the initiating spiritual master for thousands of disciples. This project is his service to his spiritual master, ISKCON's founder-acharya, His Divine Grace A.C. Bhaktivedanta Swami Prabhupada.

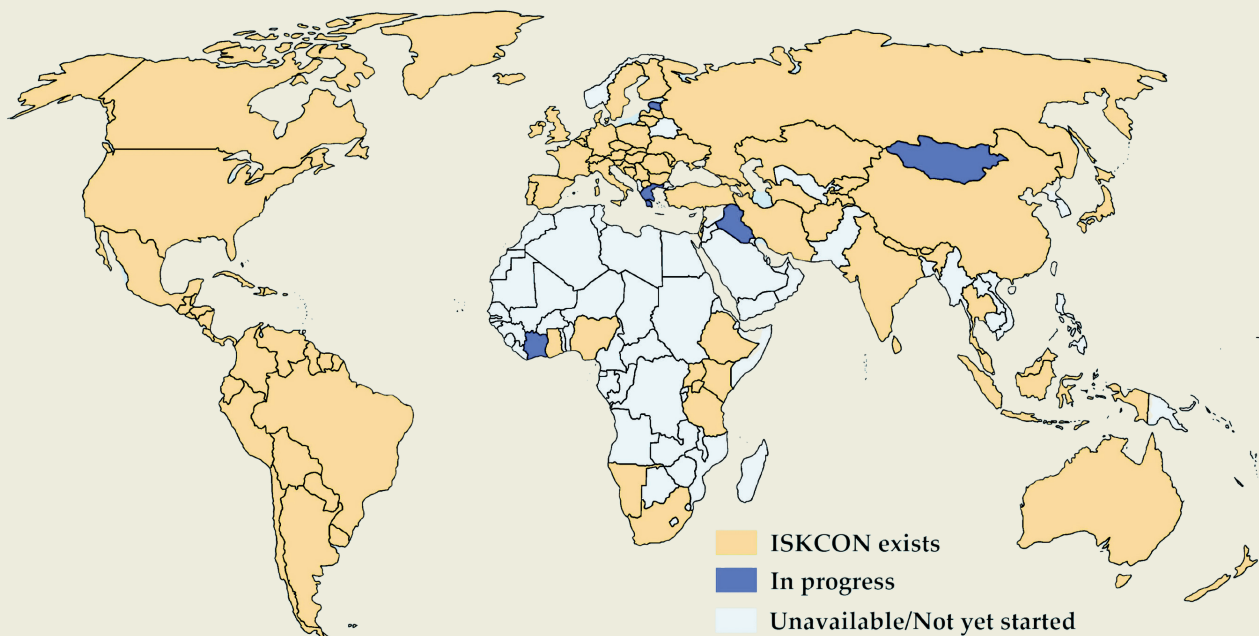

HH Guru Prasad Swami Maharaja (Governing Body Commission, Initiating Spiritual Master)

Maharaja is currently the GBC for ISKCON Punjabi Bagh and all the zones in India that were previously managed by HH Gopal Krishna Goswami Maharaja.

IMPORTANCE OF BUILDING A TEMPLE

“These temples, they are just like oasis in the desert for the conditioned souls to quench the thirst of their desire for real happiness”

(Srila Prabhupada’s Letter to Ksirodakshayi)

“When I go to Los Angeles I am in Vaikuṇṭha. When I am got to New York I am in Vaikuṇṭha. Wherever we have got temple, that is Vaikuṇṭha.

So why shall I have objection?”

(May 28,1977, Vrindavana- GBC Meets with Srila Prabhupada)

“Temple means people should come, people should learn the science of God. Temple should not be a business. Temple means spiritual educational shelter. People should come and learn what is spiritual life, what is God, what is my relationship with God.”

– Srila Prabhupada

SIGNIFICANCE OF CHARITY FOR TEMPLE CONSTRUCTION

“Just by starting the construction of a temple for Lord, sins committed in seven births will be wiped out and one will deliver his forefathers who are suffering in hellish planets and who sponsors a temple of Lord Vishnu, gains ten million times the merits accrued by Yajna, Austerities, Charities, Pilgrimage and study of Vedas.”

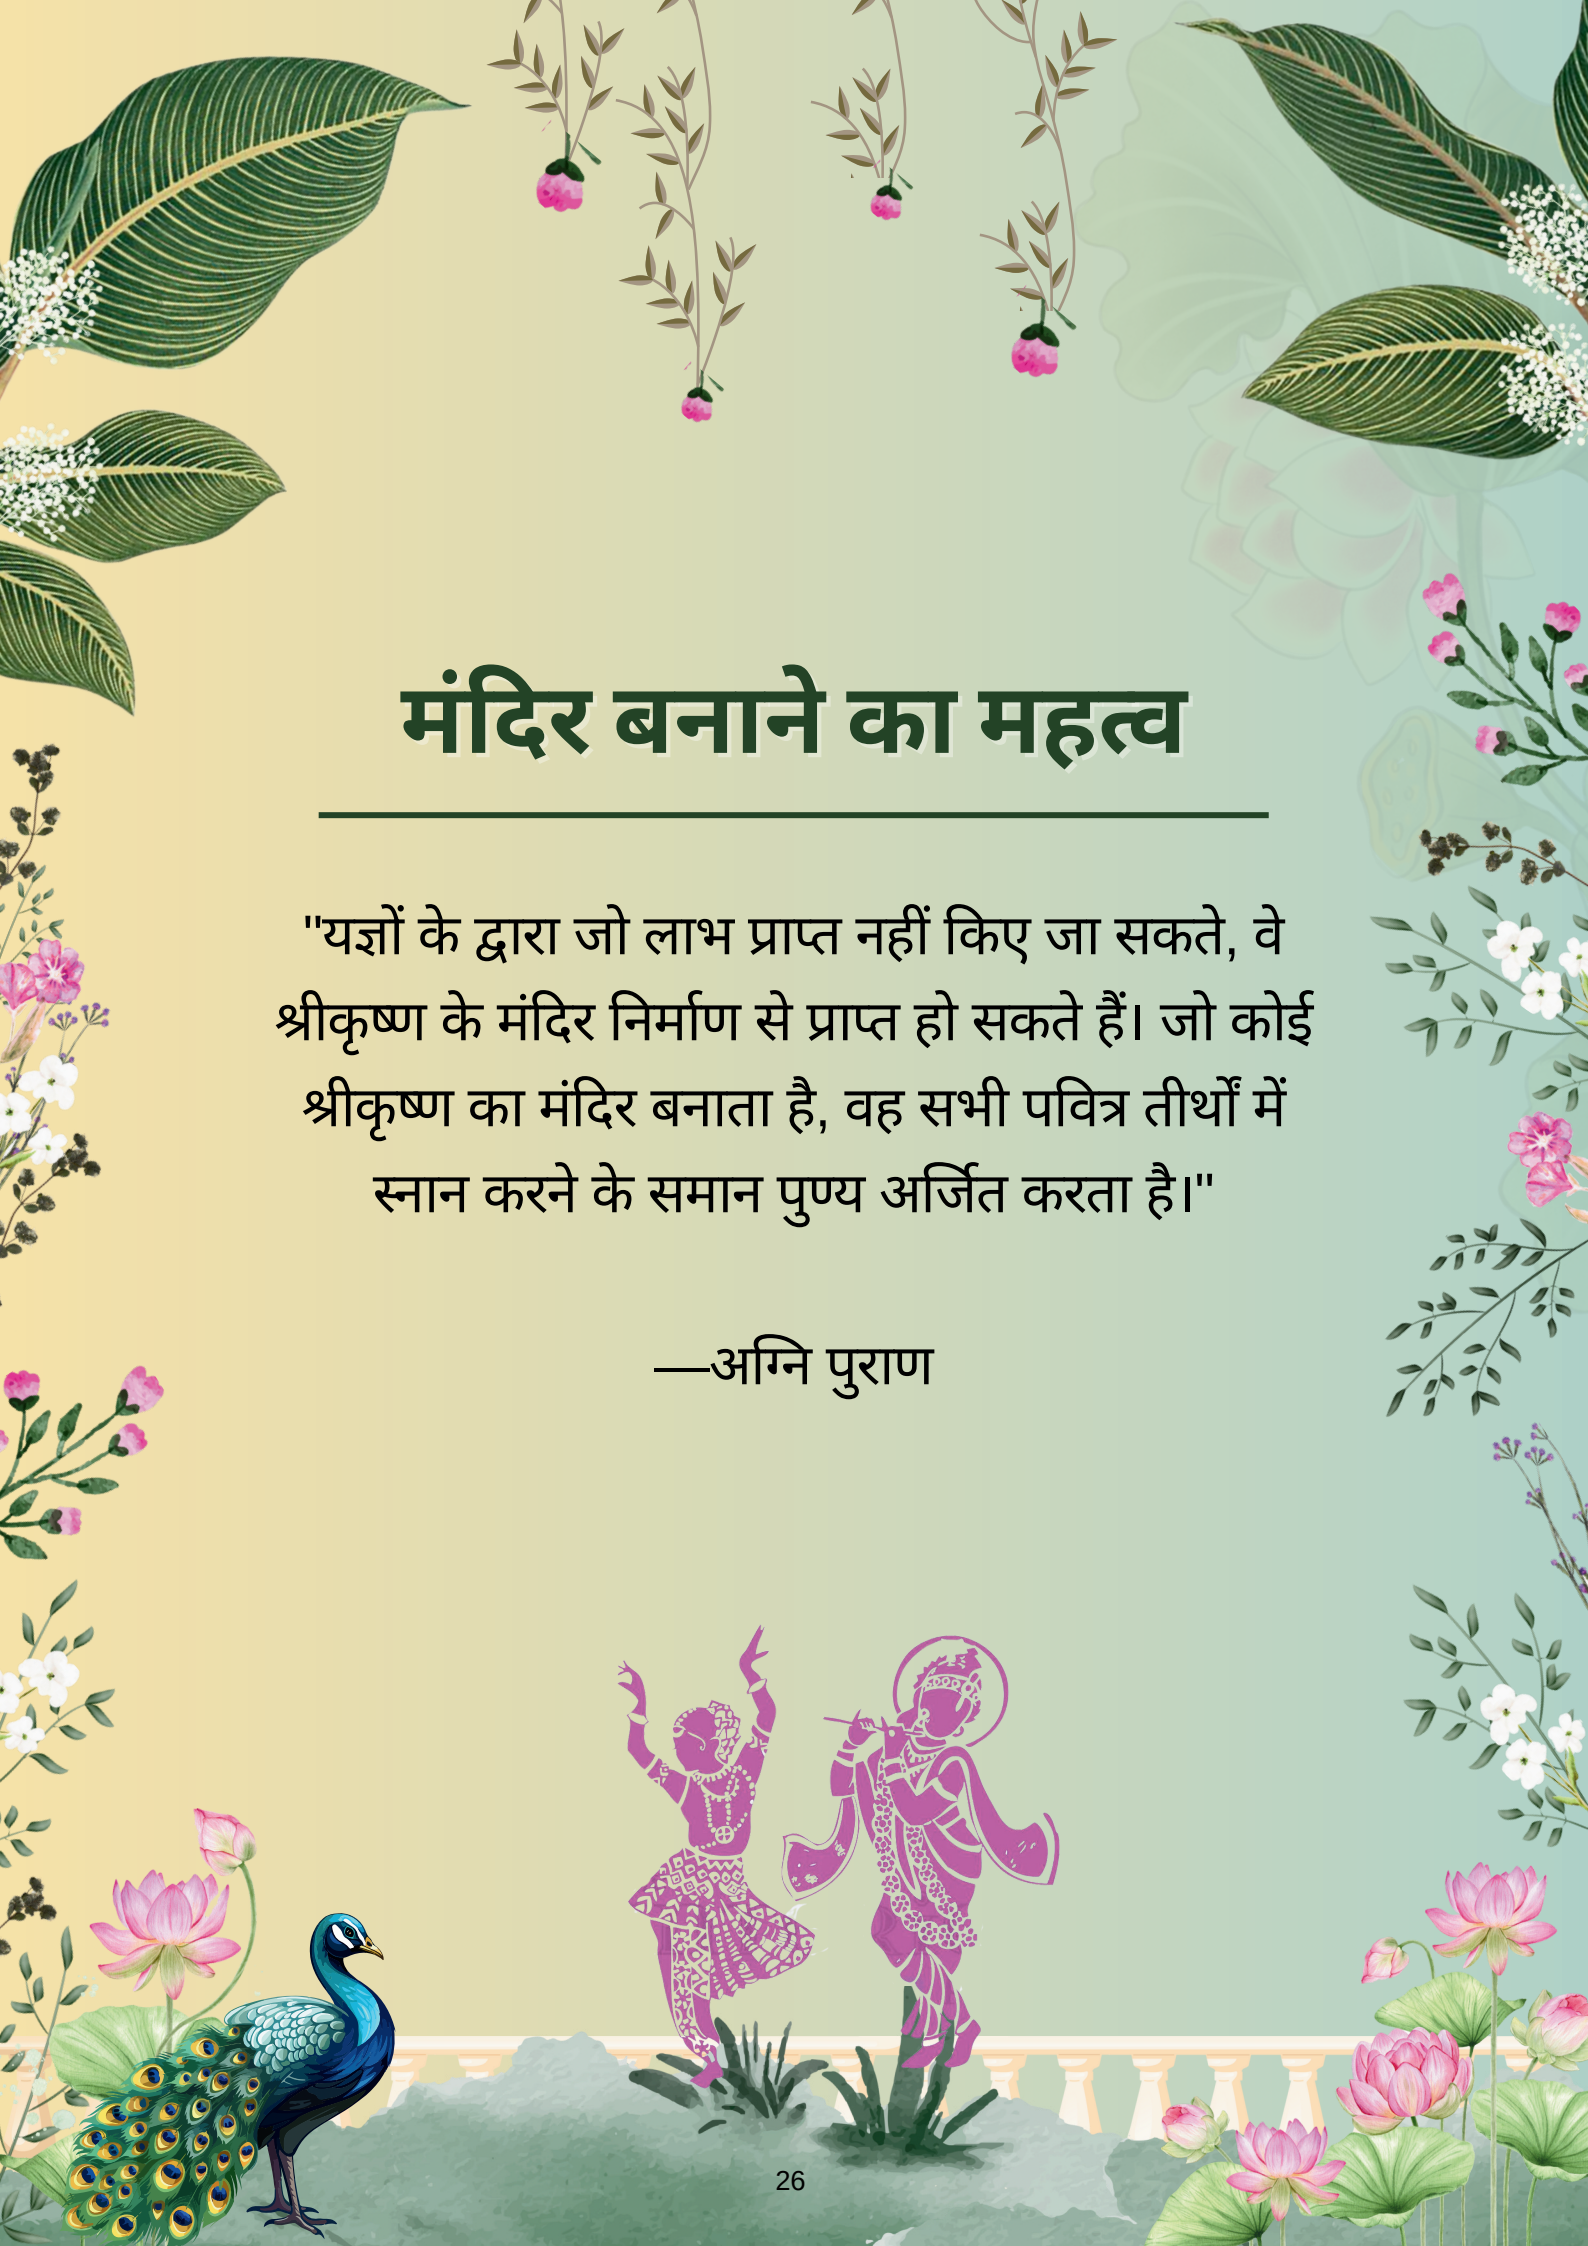

— Skanda Purana

मंदिर बनाने का महत्व

"यज्ञों के द्वारा जो लाभ प्राप्त नहीं किए जा सकते, वे श्रीकृष्ण के मंदिर निर्माण से प्राप्त हो सकते हैं। जो कोई श्रीकृष्ण का मंदिर बनाता है, वह सभी पवित्र तीर्थों में स्नान करने के समान पुण्य अर्जित करता है।"

—अग्नि पुराण
